● HEAT EXCHANGERS / REPAIR

FUNKE HEAT EXCHANGERS: Bolted Plate Heat Exchangers, Brazed Plate, Shell-and-Tube, Oil / Air Cooling Units, Electrical Oil Pre-heaters

VERSA PLATE – Laser welded exchanger panels, Pillow Plates, Plate Coils, Process Tank Plates, Suitable for gasses and liquids, thermal oil, steam and glycol

NEXSON SPIRAL - Specializes in a welded, single channel Spiral Plate Heat Exchanger or SPHE. Can be used in liquid/liquid as heat recovery interchanger; or gas/liquid as condenser or as evaporator. Ideal solution for fouling fluids

MUNTERS/DES CHAMPS - Gas/Gas Plate or Tubular Heat Recovery Exchangers, Gas Fired Air Heater

E-TECH - Condensing Economizers, Waste Heat Boilers, Economizers, Boiler and Air Preheat Systems

GAB NEUMANN – Carbon Block and SiC Tubular type Exchanger Technology. Providing the highest corrosion resistance against acids, solvents, chlorides and other halogenated compounds

SPIRAJOLE: Continuous Heating/ Cooling Screw Conveyor with temp range 1600°F. Belt Drying Conveyors, Sludge Dewatering / Drying Screw Systems

TITAN METAL FABRICATORS: Shell and Tube Heat Exchangers, Columns & Towers, Condensers, Reactors, Pressure Vessels, Piping, Piping Systems and Spargers. TITAN fabricators specialize in the reactive metals and corrosion-resistant alloys

● EXPANSION JOINTS & FLEXIBLE HOSES

CRP: CORROSION RESISTANT PRODUCTS – Teflon® Expansion Joints, Teflon® Lined Vessels and Piping

GENERAL RUBBER - Molded Rubber, Teflon®, Arched, Duct, Duckbill Check Valves

SENIOR-FLEXONICS-PATHWAY - Metal Bellows, Fabric, Insulated, Gymbal Pressure Balanced, Duct, Universal Field Service for EJ Repairs; Flexible Metal Hoses – CRN, CSA Certified for natural gas and propane transfer, Field Service Repairs

● BLOWERS / PUMPS

AIRTECH VACUUM – Regenerative Vacuum/Pressure Blowers; Oil Free and Maintenance Free. Capacity up to 1500 CFM, End vacuum up to 20 Hg or a Pressure of 13 PSIG

DALTEC PROCESS FANS - Axial Fans with Adjustable Pitch Blades, Centrifugal Fans with API 560 and 673 Spec Requirements. In House Repairs and Complete Field Service

HOFFMAN-LAMSON (Gardner Denver) - Multistage Centrifugal blowers for gas stream blowing and exhausting applications. Capacity from 100 CFM to 40,000 CFM and exhaust pressures up to 22 psig, and vacuum down to 18" Hg

NEW YORK BLOWER - Axial, Centrifugal, Propeller, Fiberglass, Plug Type, Plenum Type, High Temp. Components: Air kits, Inlet Boxes, Evasé

● DAMPERS / VALVES

SENIOR-FLEXONICS-PATHWAY - Guillotine, Louver, Butterfly, Flap Dampers and Flow Diverters

WAHLCO - Guillotine, Louver, Butterfly, Flap Dampers and Flow Diverters

CRP: CORROSION RESISTANT PRODUCTS Check Valves, Bulls Eye Sight Glasses

● PIPING / SCRUBBERS / VESSELS

CRP: CORROSION RESISTANT PRODUCTS – PTFE Lined Piping, Sight Glasses and Valves

EDWARDS FRP TANK & REPAIR - Fiberglass Vessels, Duct, Tanks; Field Erected Storage Tanks; Double Wall Underground Tanks

DUSTEX – Scrubber technologies of all types, NOX, SOx, PM, HF, Dioxin / Furan, Mercury control technologies. Dry or Wet gas conditioning. Baghouse, Venturi, SCR, SNCR, Cyclone, Multi-clone, Activated Carbon, Dry Sorbent Injection, CFD Modeling, Field Service Small systems to 650,000CFM.
